

Designed by the SAILONET design office, it is made by our SAILONET sailmaking partners, following our technical specifications.

This range is particularly suited to long cruises, charter and long distances. This sail is a "Must".

The sails in the VENUS range are made of Mylar sailcloth laminated with double-backed Taffeta. The radial cut makes the possibility to use different sailcloths and weights to optimize performance.

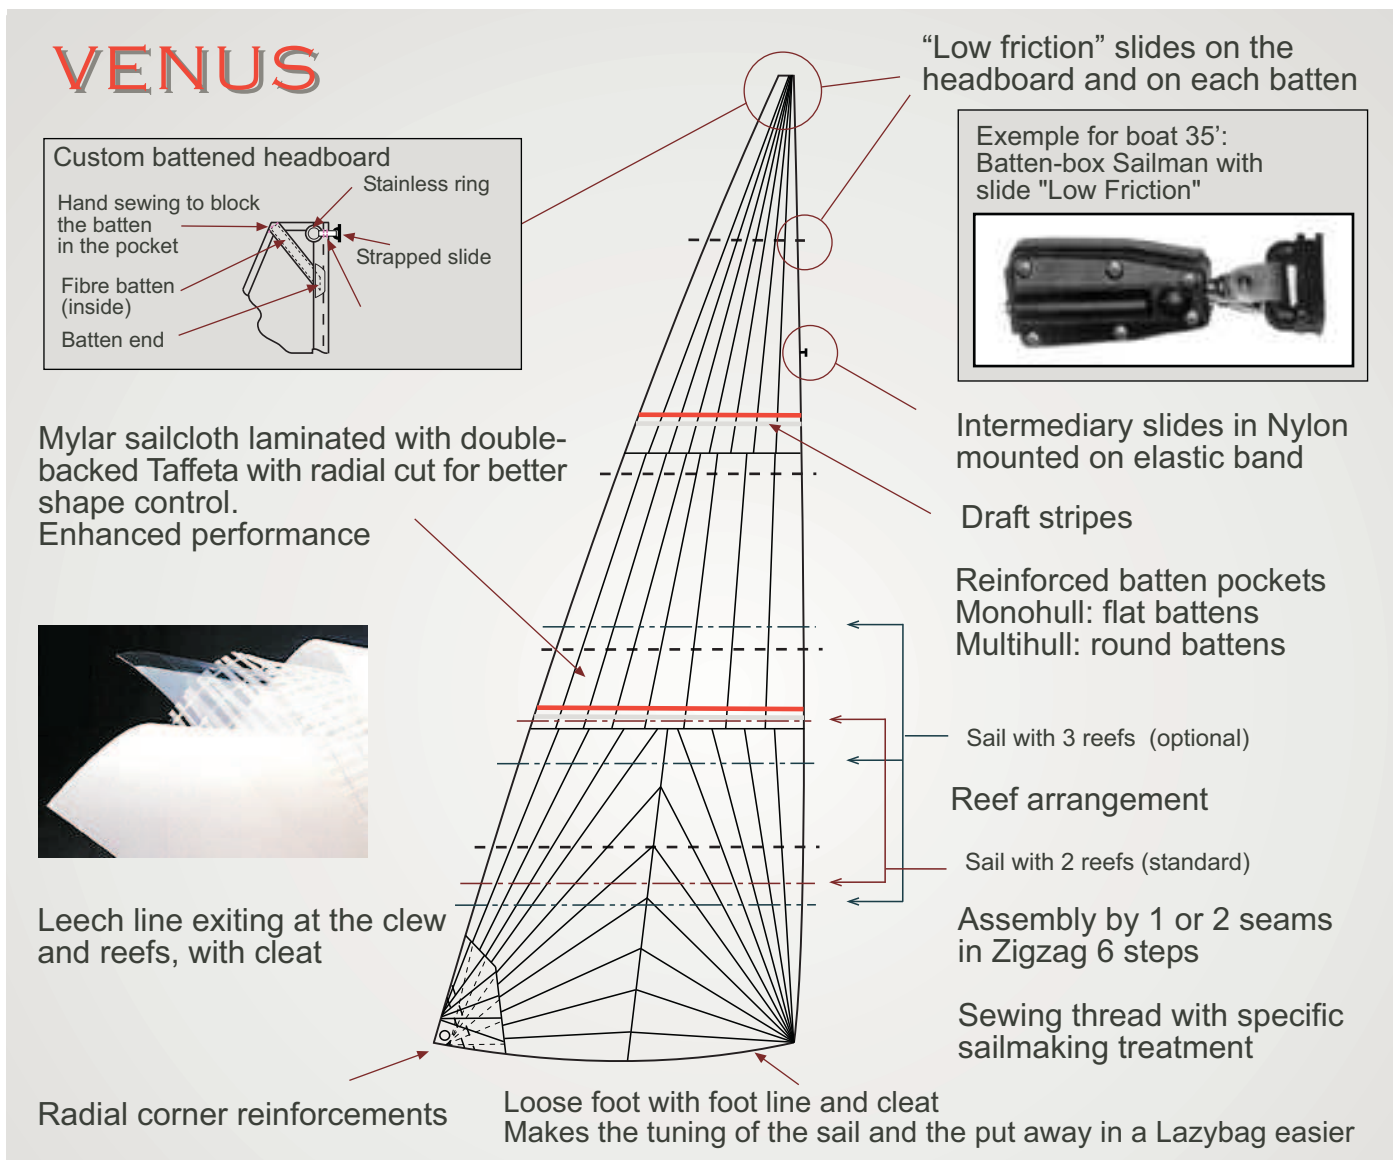

The fullbatten mainsails of the VENUS range are equipped as standard with 2 reefs and 4 long battens (Monohull up to 11.60m)

The very full inventory (Radial corner patches, low friction tracks, loose foot, head board custom battened, tell tail s) optimizes and makes your mainsail easier to use.

All sails are sold in their bag, ready to sail.

Guarantee 2 years.

## VENUS

**Custom battened headboard**

- Hand sewing to block the batten in the pocket
- Stainless ring
- Strapped slide
- Fibre batten (inside)
- Batten end

**“Low friction” slides on the headboard and on each batten**

Exemple for boat 35':  
Batten-box Sailman with slide "Low Friction"

**Mylar sailcloth laminated with double-backed Taffeta with radial cut for better shape control. Enhanced performance**

**Intermediary slides in Nylon mounted on elastic band**

**Draft stripes**

**Reinforced batten pockets**  
Monohull: flat battens  
Multihull: round battens

**Leech line exiting at the clew and reefs, with cleat**

**Radial corner reinforcements**

**Loose foot with foot line and cleat**  
Makes the tuning of the sail and the put away in a Lazybag easier

**Sail with 3 reefs (optional)**

**Reef arrangement**

**Sail with 2 reefs (standard)**

**Assembly by 1 or 2 seams in Zigzag 6 steps**

**Sewing thread with specific sailmaking treatment**
